Career Objective

Motivated and detail-oriented aspiring Data Analyst seeking a challenging environment that fosters learning, creativity, and innovation. Eager to apply and enhance my skills in data analysis and visualization, contributing to personal growth and organizational success.

Education

Qualification	Institution	Board/University	Year of Passing
B.Com (Hons.)	Seth Anandaram Jaipuria College	University of Calcutta	Pursuing (2024)
Higher Secondary (Class 12)	Rajasthan Vidya Mandir School	ISC	2021
Secondary (Class 10)	Rajasthan Vidya Mandir School	ICSE	2019

Technical Skills

- Programming: Python (Pandas, NumPy basics), SQL (queries, joins)
- Data Visualization: Tableau, MS Excel (Pivot Tables, Charts)
- Data Analysis: Exploratory Data Analysis (EDA), Statistics
- Machine Learning: Basic algorithms and implementation

CERTIFICATION

Post Graduation Program in Data Science and Engineering

Project Details

1. End-to-End Machine Learning Project — *ML Pipeline & Web App*

Python | Flask | CatBoost | Data Ingestion | GitHub

- Built an **end-to-end ML pipeline** including data ingestion, preprocessing, model training (CatBoost), and evaluation.
- Developed a **Flask web app** for deploying ML model predictions in a user-friendly interface.
- Implemented **logging, exception handling**, and automated scripts for data transformation and pipeline execution.
- **GitHub:** <https://github.com/Vaishnavij-star/ML-Project>

2. Vaishnavi's AI Chatbot 🤖 — AI Chatbot Web Application

Python | Streamlit | GitHub | Streamlit Community Cloud

- Developed a **fully offline AI chatbot** capable of natural conversation, jokes, fun facts, riddles, song recommendations, math calculations, date/time, and weather responses.
- Implemented **session state memory** to remember user names and enable personalized, continuous conversations.
- Built an **interactive web-based chat interface** using **Streamlit** with chat-style message bubbles for an improved user experience.
- Designed **rule-based NLP logic** to handle greetings, FAQs, small talk, and mini-games such as **Rock-Paper-Scissors** and **Number Guessing**.
- Deployed the application on **Streamlit Community Cloud** with a public live demo.
